Childcare Centre**

## **June at NELCCC!**

Hi Parents,

What an exciting time it has been at the Childcare Centre! Our Grand Opening was a great opportunity to celebrate all the people who have invested in seeing the Centre launch! We are grateful for all of you as well for your incredible support and affirmation.

We love serving your children and families, and seeing their smiling faces makes all our efforts more than worth it!

I will be away to celebrate my daughter's graduation in London England for the next week. I will be back on June 19. Please connect with Cheryl or Kumi if you have any questions or concerns while I am away. If you have any urgent questions or concerns, feel free to call Peter Dubinsky at the School Board Office.

A reminder about deep cleaning week where the Centre is closed - July 10-14 (see below). This is one of only 2 weeks where the Centre is closed in a year.

Take care, and see you soon! I may be sporting a wee British accent! :D

Tim Van Brummelen

## **News from Multi-Age**

We had a great month in May with lots of sunshine. We did a lot of activities and outdoor play as well as growing plants and seeing how they grow from seed to roots and leaves sprouting. They are such good gardeners. They take care of their plants with love and respect. This is the first step towards building a relationship to nature and the environment.

Also, the children did lots of art activities for our Grand Opening. It went very well with our gratitude for Mr. V. It is so wonderful how all of us work as a family at NELCCC.

We are noticing that children are getting more comfortable at school. They are developing more words and communication, fine motor skills, gross motor skills and social emotional development.

We are glad to see the strong relationship with our parents. And thank you so much for being open, kind and honest with us. Communication is the best way to build strong relationships and understand each other. We really appreciate it.

In this coming month, we are going to play more outside, and go for a field trip to the forest. We will be talking a lot about the weather and how to prevent sunburn. We will play with water lots because that would help children to keep their body cool. Extra clothes would be appreciated. We will always encourage parents to provide healthy snacks and lunch for their children.

We will learn about letters G,H,I and numbers 1 to 10. We are planning to do lots of art activities as well as many things to build on our children's focus and their interests.

Kumi and Cheryl

## **NELCCC Calendar**

July 3, 2023 - (in lieu of) Canada Day (Centre is closed on statutory holidays)

July 10-14 - the Centre is closed for deep cleaning (one of two weeks a year we are closed).

August 7, 2023 - BC Day (Centre is closed on statutory holidays)
